

## PROFILE

Passionate IT project manager with a software development background. Skills include analytical thinking, creative problem-solving, and multinational team leading.

## PROFESSIONAL EXPERIENCE

### Management and IT Consulting

[www.manookian.de](http://www.manookian.de)

Jan 2022 – present | Dubai, UAE

Mentored junior software engineers to build proficiency in programming with Flutter and Dart, providing comprehensive training and personalized guidance to enhance their technical capabilities and overall performance. Developed mobile applications and solved programming exercises to strengthen their skills.

### IT Project Manager

[www.manookian.de](http://www.manookian.de)

Dec 2020 – Jan 2022 | Pfaffenhofen, Germany

Demonstrated expertise in successfully leading the entire software development lifecycle, encompassing the creation of high-quality desktop and mobile applications for Windows, Android, and iOS platforms utilizing WPF, .NET, and Xamarin technologies. Furthermore, effectively managed a dynamic team, fostering their collaboration to achieve strategic objectives efficiently. Additionally, took on the role of mentoring junior engineers, optimizing their performance and professional growth.

## FOCUS AREAS

### Project Management

### Scrum Master / Product Owner

### Team Leading

### Software Development

## Software Engineer & Project Manager

Harman Becker Automotive Systems GmbH [↗](#)

Feb 2016 – Dec 2020 | Garching, Germany

As an Agile Team Lead, I successfully led an international team of engineers in the development of software for tuning car sound by acoustic engineers. I utilized my skills in stakeholder management, development planning, and delivery coordination. Proficient in using technologies such as WPF for UI design, .NET for the backend, INCA for connection with the ECU, and SQL for communication.

## Hardware and Software Developer

Ferchau Engineering [↗](#)

Nov 2013 – Dec 2015

Schrobenhausen, Germany

Implemented a comprehensive test environment for an Inertial Measurement Unit (IMU), consisting of designing a Printed Circuit Board (PCB), programming a microcontroller, and developing Human Machine Interface (HMI) software using C/C++ and LabView.

## EDUCATION

### Master of Science in Acoustical Engineering

University of Applied Sciences Munich

Oct 2015 – Aug 2019 | Munich, Germany

### Bachelor of Engineering in Electrical Engineering and Information Technology

University of Applied Sciences Ingolstadt

Oct 2007 – Sep 2012 | Ingolstadt, Germany
